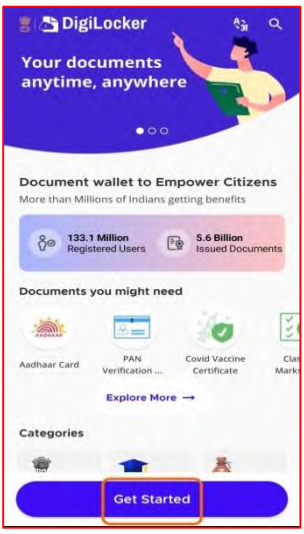
Digilocker Guide for Account Creation

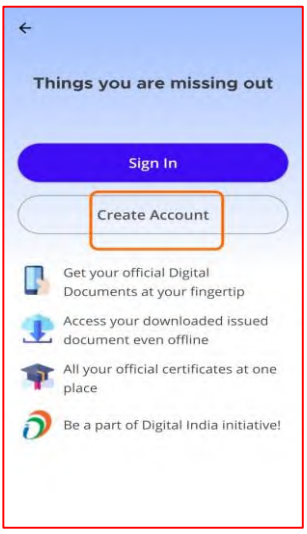
Digilocker and National Academic Depository:

Government of India has launched Digilocker as a part of Hon.Prime Minister Shri.Narendra Modi's Digital India programe with the idea of paperless governance. All the documents issued by the Digilocker are digitally authorized. Digilocker NAD Platform is an online storehouse for all Academic Awards, such as certificates, transcripts, diploma, degrees, mark sheets from where students can access all their academic awards at ease, that have been officially digitized and registered by academic institutions/Universities. The National Academic Depository (NAD) is a digital education portal that allows Academic institutions to upload Awards data and students to view their academic awards. Academic institution submits student data to the site and students, after registration, can pull their certificates and documents to their individual Digilocker account.

How to create account in Digilocker :

1) Go to the DigiLocker website digilocker.gov.in. or Download the app from Play store for Android or iPhone and install it.
2) When you click on Digilocker App icon the home screen of your DigiLocker will displayed. Click on Get Started Button.
3) If you are new to the app, click "Create Account".



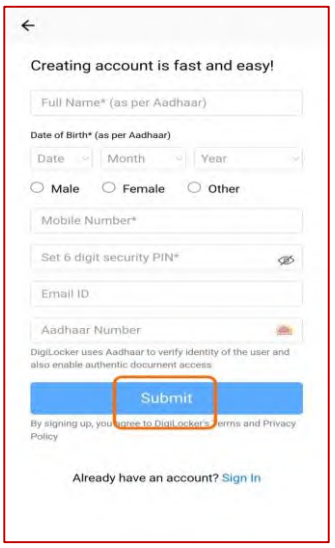


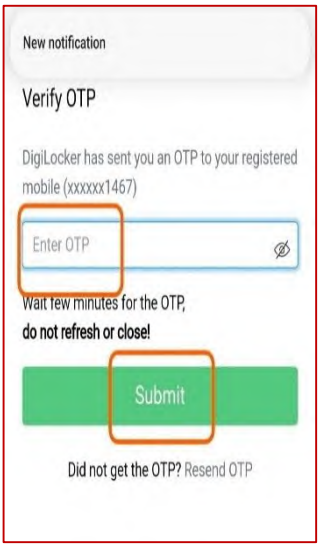
4) You will navigate to the Personal information form. Enter your full name, date of birth, mobile number (registered with

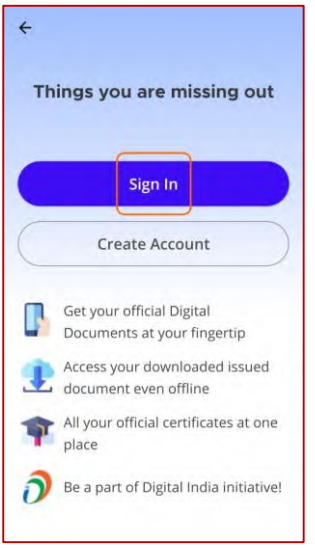
Aadhaar). Make a security PIN and enter an email ID. OTP will be sent to your registered Mobile number which is linked with your Aadhar so before creating Digilocker account Make sure that your current phone number is registered with the Aadhaar number. You need registered Mobile with you at the time of Account creation and whenever you want to login.

5) Provide the received OTP on the registered Mobile number and Click on Submit button.

6) After successful Account creation click on the “Sign-in” button. First-time user also needs to choose a username and 6-digit security PIN to access the DigiLocker app in the future.



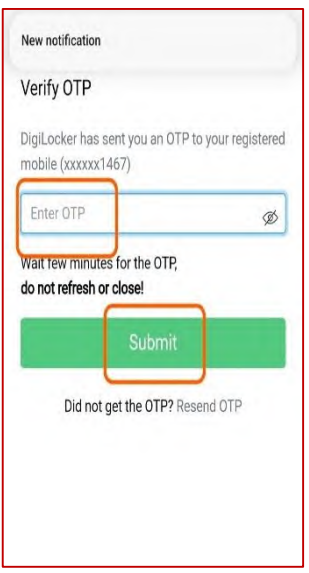


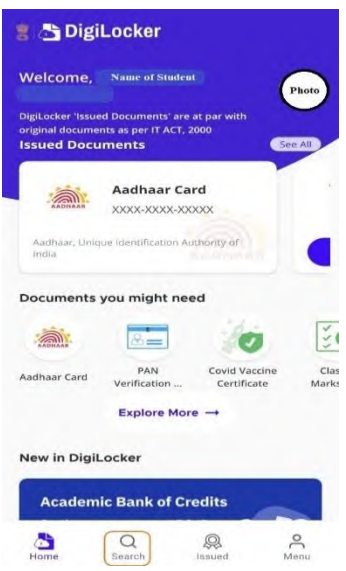


7) After Clicking on sign in you have to enter Mobile/Aadhar Number and 6-digit security PIN.

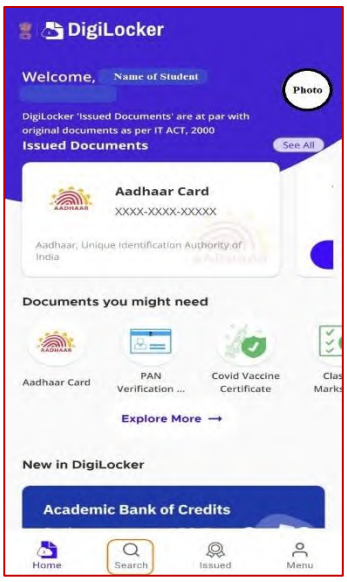
8) You will receive OTP on your registered mobile number. Enter that OTP and click on Submit.

9) After Successful login you will see Dashboard that is the home screen of your DigiLocker account. You can navigate to other sections of DigiLocker from here.

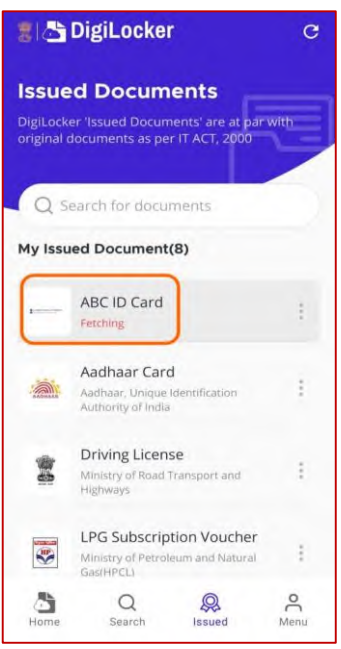




10) Click on “Search” button at the bottom of home screen and search “ABC ID Card”.
11) Click on ABC ID Card.
12) After clicking automatically ABC ID card details will be displayed



13) As soon you click on the “Get Document” button, the Application will automatically fetch and save the document on your “My Issued Document” list.
14) You can Also download and share this Academic bank of Credits Document.



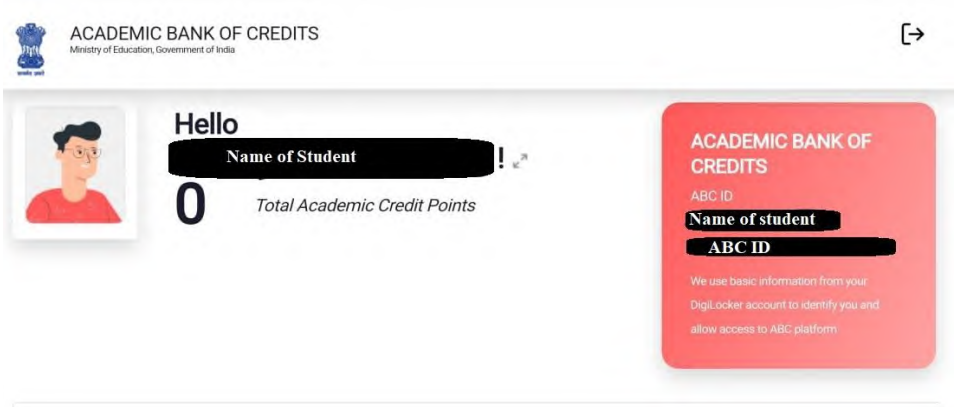
14) You can Access your Academic Bank of Credits score at abc.govt.in portal.

15) In Account Section Click on Student Login. Enter your credential Mobile Number and 6-digit Pin number used for Digilocker and Click on “Sign in”.

16) Enter OTP received on your registered mobile number.

17) Click on “Sign in”.

18) A window having your Academic bank of Credits will be prompted. Academic bank of Credits will enable students to open their accounts and give multiple options for entering and leaving colleges or universities.



How Academic Bank of Credits Scheme Works:

In Academic Bank of Credit Scheme, credits awarded to a student for one program from an institution may be transferred / redeemed by another institution upon students consent. Credit transfer is the key to successful study mobility which can be achieved through Academic Bank of Credits Scheme. This scheme should be implemented for students admitted year 2021 onwards.
